PONNERI

# THE MOSAIC

May-2019

### Greeting from Director Desk

Welcome to the May issue of Mosaic, the month of April was nostalgic for all of us as we all witnessed our dreams turning into reality. We are grateful to our Arete Home owners for making us a part of their house warming by welcoming us in their homes. It is a momentous occasion for us and a massive milestone in the history of our company! I extend a warm invitation for you and your family to come make yourselves familiar with what would be your future homes be like.

Arete Homes once again hit international shores, this time knocking the doors of NRI's in Malaysia and as always we were received with a warm welcome resulting in a fantastic response.

A4 tower construction is progressing at great pace and it should be ready for fit outs in a couple of months. Do visit us to experience them.

# Customer Testimonial

We had visited the Arete Township and are very much impressed by the developments being implemented, to make living a great experience. The whole area is spread out with club house, shopping mall, playground for children planned on top of parking. Spaces including space for conducting functions and above all a unique meditation hall.

- Nilakantan (A3-407 & 408)

# Employee Testimonial

I am a proud employee of Prime Lifespace, and it is a great feeling to be a part of such a committed team. I have seen this project progress from ground up to where it has reached now – almost close to possession, and of the key aspects that keeps me going is the passion that I see within the team to deliver a quality product. The motivation for me to work here comes from the fact that we work like one big happy family!
