

From The Director's Desk

Welcome to the April issue of Mosaic. Firstly, I would like to let you all know about the phenomenal success and response we have seen in the recent days. This has truly been an overwhelming experience for me to see such a tremendous feedback. It is a joy to watch so many people flocking out here to know more about our unique scheme and see our company finished, ultra-modern model apartments. I couldn't see everyone's name but it is so rewarding to see their 'Arete Homes' / investment would rock and roll like this. And in the director of this company nothing beats watching delighted and stated customers.

Customer Testimonial

Arete - A very thoughtful project to boost the north Chennai as a community which has to be taken care. Hats off to Mr. Raju Agarwal for his dedication to the project who attached significance to the entire detailing like privacy, Lighting, ventilation, spacious indoor & outdoor games, meditation center, unique club house. To add this quality project upcoming shopping mall which will make this project fully integrated township well done!

Hearty congratulations.

-Dr. Jayanthimala Suresh

Employee Testimonial

I feel greatly honored to be associated with the project from its inception in 2016. I have never worked in an organization where the management follows its ethics and principles. The organization has always treated me like family and in the morning my 2nd home every day. I am truly proud to call myself a family member of Arete Homes.
