THE MOSAIC

JUNE-2019

From The Director's Desk

Arete Homes is committed to deliver your dream home. Expect us to focus on your needs with the best of quality. We are glad to inform you that our restaurant (Soul of South) has opened successfully. For those who are unaware, the ORR Phase II [Outer Ring Road] will be flagged off in the next few months where ORR Phase I is already operating. With this, traveling to the airport will be drastically reduced by half an hour from the current duration of one and half hour. One would be able to access South Chennai in just forty minutes! The road would connect north chennai to the rest of the city like never before and would become a lifeline of the future.

Another big upcoming landmark in the area is Origins by Mahindra world City. Several companies have already started. We are the first and best project for executive residency. The companies are expected to start their operations soon. Meanwhile, Sri City and Tada are also attracting huge investments from MNCs.

We are looking forward to announce the launch of our prestigious Ponneri Gymkhana club soon. Besides that, kids play, podium garden, jogging walk etc is ready. We would like to invite you all to come and have a look at the podium, we are confident that it will be one of a kind experience.

Employee Testimonial

I have been associated with this company for close to 5 years and what this organization brings to my table is a great opportunity to explore the various aspects of real estate development. With such a visionary project in hand, I can proudly say that my association with Prime Lifespace has been fruitful and full of challenges that I enjoy on a day to day basis.
